Papers

Papers should be written in English or Macedonian language using Microsoft Word for Windows, versions above Word 2000; A4 page format (210x297mm).

The papers should be between 3000 and 5000 words in length (approximately 7-8 pages, including text, figures, tables, references list and appendix).

We recommend using this template for word processing. All necessary parameters (paper size, styles used for formatting) are defined in this sample. If you do not want to use templates, you can follow the instructions given in the following text. Allow 2cm for all the margins on a page (top, bottom, inside, outside margins). The example is given at this page of the instruction. Spacing within and between paragraphs is single.

For text formatting, you should use the following sizes of font Arial:

- Paper title 12 pt., bold, all caps
- Names of the authors 11 pt.
- Abstract, 11 pt. italic
- Key words, 10 pt. italic
- Numerated first level sub-titles 11 pt., bold, all caps
- Sub-titles 11 pt. bold
- Text 110 pt.

1. COMPOSITION

In the first row of the first page of the paper, below the space reserved for header, you should type the paper title. Names of the authors should be typed below the paper title, as shown at this page of the instruction. Names of the institutions and the addresses inserted as a footnote at the end of the first page. Below the paper title and names of the authors follows the short abstract and the key words.

Use bullets formatting as shown in this instruction.

2. EQUATIONS

Equations should be entered with the numbers flushed to the right, e.g.:

$$P(X = x) = \frac{e^{-\lambda} \lambda^x}{x!} \quad (1)$$

For formatting of the rows with equations, you should use icon "Equations". If after typing the equation you press key "Tab" on your keyboard and type ordinal number for the equation, it will automatically be aligned right.

¹ Affiliation and e-mail address of the first author

² Affiliation and e-mail address of the second author

3. NUMERATION OF PICTURES AND GRAPHICS

Name and numeration of picture or graphic should be centred on the line below the picture (graphic).

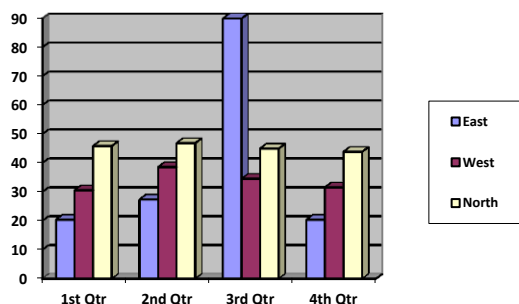

Figure 1: Figure name

4. TABLE NUMERATION

Table name and numeration should be written above the table, at the beginning of the line, as shown in this instruction.

Table 1: Table name

Period	Production per period (pcs)
I	10 000
II	15 000
III	20 000
